Overview

Overview

This event is part of the [Royal Society's
Summer Science Exhibition 2022](#).

Ponds are full of diverse and wonderfully complex microbes. Discover some of those microbes and why how they interact with each other is so important and what it means for tadpoles in this drop-in station where you can also prepare pond water samples, image microbes or become a citizen scientist.

The Tadpole Doctor

Drop-in activity – these activities run continuously and you can drop in at any time. Please note if the venue is at capacity you may have to wait.

Attending the event

- Free to attend
- No registration required
- Suitable for ages 7+
- [Travel and accessibility information](#) - contact us directly to arrange any specific accessibility requirements
- Food and drink will be available for purchase at our onsite café

For all enquiries, please email exhibition@royalsociety.org.
